REMARKS

This is in response to a voicemail left to the undersigned attorney today, March 20, 2006 regarding the above-identified patent application. This response is being provided solely to move the embedded Figure into the formal set of Figures and to harmonize the specification's reference to that Figure.

Any questions regarding this paper may be directed to the undersigned attorney at 612/330-0489.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,
